

SUPPLIER INNOVATION AWARDS
PRIX DE L'INNOVATION DES FOURNISSEURS

www.bgis.com

Don't Delay - Submit Today!

We are excited to invite all our suppliers to showcase their thought leadership and innovation for the purpose of improving economic, social, and environmental sustainability for BGIS and our clients.

This is your chance to demonstrate your innovative product or approach to service delivery and have it exhibited to the entire network of BGIS decision makers and Clients!

Finalists will have the opportunity to showcase their product / program to the **Global BGIS Supplier Innovation Council** and will receive a badge which they can display on their websites. Submissions will be marketed to our network of decision makers and Clients.

Winners from past years have seen a significant increase in BGIS engagement with them.

In support of our strategic vision of being the **Industry Innovator** and to drive a sustainable future, each year BGIS recognizes our top suppliers who have adopted innovative practices to improve efficiencies and increase operational sustainability.

The **BGIS Supplier Innovation Award** competition is open to all suppliers in our BGIS North American region. Submissions will be scored against the following four (4) criteria:

- Innovation
- Quantifiable Benefits (Provide the Economic Business Case)
- Sustainability Value (positive impact on the environment)
- Demonstrated References (where has it been implemented)

Winners will be selected based on their innovative and sustainable contribution as well as the impact on operational efficiency and operating cost savings.

This year the winners will be announced at the **North American Client Forum (NACF) 2025** on February 4, 2025.

We know that innovation is at the core of your business operations, and we would like you to share it with us, whether it be a product or process you have, that raises the bar on sustainability and increases operational efficiency!

"It's an honor to have received the BGIS Supplier Innovation Award last year. Winning this award has indeed been instrumental in our ongoing partnership with BGIS.

*Since receiving the award, we've **seen a significant increase** in our company's visibility and reputation within the industry. It has **opened doors** to new opportunities and collaborations with BGIS. The recognition has **instilled trust and confidence** in our capabilities, which has translated into expanded projects and deeper engagement with BGIS.*

*Furthermore, the award has been **a source of motivation for our team**. It serves as a reminder of our commitment to innovation and excellence, encouraging us to continue pushing the boundaries and delivering high-quality solutions to BGIS."*

*Ryan Dempsey, DVM Industries,
Previous Supplier Innovation Award Winner*

You are invited to provide supporting details by completing the [Online Submission Form](#) by **December 16, 2024**.

Online Submission
Form
