

Doing Business with BGIS – Indigenous Supplier Engagement Event

BGIS is a global leader in integrated facility management services including Facility Management, Project Delivery Services, Critical Environments, Energy and Sustainability, Strategic Asset Management, Technical and Real Estate Services, Workplace Solutions and Sustainable Cleaning Solutions.

In recognition of the unique history, culture, rights, and contributions of the Indigenous

Peoples, BGIS is committed to fostering positive and collaborative relationships with Indigenous communities, based on mutual understanding and cooperation. For more than five years, BGIS has focused on building a comprehensive program that links our core values of Sustainability, Innovation, Diversity, Inclusivity, Social Responsibility, and Indigenous Engagement in the workspaces we own and manage.

As part of our Business & Economic Development goals of increasing Indigenous supplier engagement and economic reconciliation, BGIS is hosting a “*Doing Business with BGIS*” event and invite you to attend and learn about our company.

Please join us!

Date: Thursday, June 27, 2024

Time: 2:00 – 3:00 PM EST

Venue: [Live Teams Event \(click here to join the event\)](#)

No need to pre-register but **be sure to put this event on your calendar!**

We will focus on the following topics:

- Company information and brief background
- Our procurement processes and what type of opportunities we have
- Where to find opportunities
- Tips and best practices to create your success stories
- How to register to become a BGIS supplier

**Note: The event will be held in English, however, the material will be made available in French upon request.*
